Summary

A self-motivated Full-Stack Engineer with project experience demonstrating capability, complemented by a work history that showcases hard work, discipline, and the ability to excel in team environments.

Project Experience

Full-Stack Web Developer - Bookkeeper Web Application

Developed a **Flask-based application**, to **automate** the extraction and management of **financial transactions** from bank statements, significantly **reducing manual data entry.**

- **Integrated pdfplumber** and **pytesseract** for **accurate extraction** of transaction data from bank statements, converting them into **CSV format** for Excel use.
- **Implemented** a **user-friendly interface** with **Bootstrap**, enabling easy upload and processing of statements.
- Ensured application **reliability and efficiency** through **robust back-end development** with **SQLite** for **data management** and **Flask** for **server-side logic**.

Full-Stack Web Developer - Finance Web Application

Built a **full stack web application** that allows users to **buy and sell stocks**, check their stock portfolio and view their **history of transactions**. This application has a **registration and log** in features as well.

- **Implemented user authentication**, dynamic content rendering with **Jinja**, and **responsive design** using **Bootstrap**.
- **Integrated financial APIs** for live stock data, supporting features like quoting, buying, selling, and transaction history.
- **Managed data** with **SQLite**, crafting complex **SQL queries** for efficient data retrieval and financial calculations.

Career Experience

Honda, Chula Vista, CA - Sales Associate   **2022 – Present**

- **Generated** more than **$1M in vehicle sales** by devising and executing robust strategies.
- **Maximized** overall **performance** by directing and **coaching** new associates.

CarMax, Pleasanton, CA - Business Office Associate/Customer Specialist   **2021 – 2022**

- Obtained **promotion** within **four months** based on remarkable performance.
- **Processed 150+** vehicle **transactions flawlessly**, while **improving** store's **"first time accuracy"**.

*Additional Experience as Park Ranger, **City of Chula Vista***
